### **HEALTHY HAIR...The Long and Short Of It!**

Greetings To All of You!

It's great to see how many people are interested in maintaining healthy natural hair! Now is the time is now to embrace and enhance your natural beauty!

I proudly present a Healthy Hair Care Workshop that focuses on not only natural hair styling and care tips, but also gives great hair care information for those that want to transition back to natural hair, or start locks, Sisterlocks or Brotherlocks.

During the workshop:

- I'll share ways to keep your relaxed hair as healthy as possible
- Pros and cons of having natural hair vs. relaxed will be discussed
- Find out the truth about shampoos, conditioners, weaves, color, chemicals and their effect on your hair growth rate and well being
- What does diet have to do with your hair??? A special guest will speak on that topic
- I will demonstrate hair consultations and simple styling techniques you can do at home on all hair types

Please bring a few of your hair care tools and products. Don't

miss out on special door prizes and product giveaways! Your friends and family are welcome!

NO MATTER WHAT TEXTURE, COLOR, THICKNESS, OR LENGTH YOU HAVE...

"GOOD HAIR IS HEALTHY HAIR"

I'm looking forward to seeing *your* hair Wednesday!
